

## **Educational Opportunities**

### **New Registrars**

SEER's Training Web Site provides web-based training modules for cancer registration and surveillance. For additional information, visit <http://www.training.seer.cancer.gov/>.

### **Formal Programs**

For a list of NCRA Accredited Formal Education Programs log on to <http://www.ncra-usa.org/i4a/pages/index.cfm?pageid=3299>.

### **Experienced Registrars**

**In addition to the recorded NAACCR webinars available on the PACR website** at <http://www.pacr.org/education.htm>, experienced registrars can find valuable educational opportunities at <http://www.facs.org/cancer/coc/coceduc.html>, <http://www.ncra-usa.org/i4a/pages/index.cfm?pageid=3281> and <http://www.naacr.org/>.

### **ACoS Approved Program**

Each year, the CoC's Educational Program offers learning opportunities for the cancer registry community, physicians, administrators, and other cancer program team members. Presentations and products reflect the primary initiatives undertaken by the CoC and are offered online, through in-person workshops, as Web conferences, or on CD. In addition, the CoC sponsors symposia and postgraduate courses on cancer care to physician audiences attending the annual American College of Surgeons Clinical Congress.

For more information on the CoC's Educational Programs visit <http://www.facs.org/cancer/coc/coceduc.html>.
